Teacher training programme online Proposal

General proposal

10 September 2020

Summary of context and needs

The aim is to provide professional teacher training courses and modules to organisations and experts

The proposed courses are provided as intensive on-line courses.

All courses are subject to ECTS credits, three (3) credits altogether. This equals to 80 h of participant's work.

The participants will be given a participation certificate by Haaga-Helia University of Applied Sciences Teacher Training School

The maximum number of participants per each course will be limited to 50 persons

Course structure

- The whole programme consists of four (4) main modules as follows:
 - i. Teaching and learning, teaching practices. Student centered methods. Best practices. Lesson planning, student needs analysis, class management.
 - ii. Curriculum design, analytical tools and student assessment
 - iii. Best practices of online teaching
 - iv. Personal development and reflections. Inquiry, project- based learning, critical thinking skills

Course structure

- Two hours lessons / module. Four modules x two hours = 8 hours. Online real-time implementation (Zoom). The lessons include student centered activities.
- Planning of lessons and materials: 16 hours.
- Students prepare an inquiry, development project about module topics. Teacher guidance 2 hours / participant.
- Personal reflections and weekly contacts with students. 2 hours / week, together 50 hours.
- Methods: Online lessons, assignments, development project by participants, reflections, weekly contacts.
- Timetable: 20 weeks

Investment

- The programme package of 3 credits includes the following:
 - Programme for max. 50 participants
 - Full learning materials online, use of the platform
 - Real-time sessions, guidance and support
 - Study certificate based on the passed programme

TOTAL: € 19 900

(calculated price per participant €398)

- Terms of payment
 - 100% paid 30 days before starting the online programme

(VAT or any similar taxes will be added if applicable)
