

Power of Games in Learning

LORU games

"Super easy for teachers to use!"
- 4th Grade teacher, Finland

"Who has bothered to do such polished graphics?"
- 6th Grade Student, Finland

Loru Games offers engaging learning experiences for both asynchronous and classroom learning situations!

Our mission is to help teachers by offering easy-to-use gamified teaching tools and help students to stay motivated with their learning progress.

Simple to get started:

1. Sign in and create a class
2. Create or select from existing question sets
3. Invite students to play and learn!

Fits a multitude of teaching scenarios:

- traditional classrooms
- home schooling
- distant learning

"When I checked the Teacher Portal in the evening, I noticed that some of the students had been practicing multiplication and word classes still in the evening."

- Elementary School Teacher, 50+, Finland
