Pathum Thani 12110 Tel : +66 2549 4083 Fax : +66 2549 4089

*Welcome to* **RMUTT**  
Rajamangala University of Technology Thanyaburi

# PRESIDENT'S.. *Welcome*

## Welcome to RMUTT

On behalf of Rajamangala University of Technology Thanyaburi, I would like to welcome you to our community. Our community is thriving, thanks to the contributions of our faculty members, caring staff, talented and diverse students. We have beautiful location, with a huge reservoir occupying the north and the west side and residential area in the other side. You can enjoy one of the best green areas in Thanyaburi, just outskirts of Bangkok, and a good quality of life.

RMUTT has gained significant recognition for our commitment to excellence and innovation in Science and Technology. Students are the important part of our community of scholars and we value their contributions and participations.

Many opportunities await for you here. I would like to encourage you to take advantages of what we have to offer. Challenge yourself with something new undertake an independent study project, join student clubs, volunteer in your community, run for student organization, participate in the intramural sports, enrol in different discipline, explore library and IT Centre or visit our famous Lotus Museum. All of these things will help you learn more about yourself and the world around.

I am looking forward to see you on campus. I am very glad to have you as part of our RMUTT community.

With best regards,

Asst. Prof. Sommai Pivsa-Art, PhD.  
President, RMUTT

# Our HISTORY

Rajamangala University of Technology Thanyaburi (RMUTT), was long established and highly recognized for its educational quality for more than 40 years under the name Rajamangala Institute of Technology (RIT) with nationwide campuses where later reformed to nine Rajamangala University of Technology. The original main campus sits on an area of 750-rai (297 Acre) on Rangsit-Nakhon Nayok Road, Khlong 6, Thanyaburi, Pathum Than province wherein the university named Rajamangala University of Technology Thanyaburi (RMUTT) is located.

RMUTT still maintains its original focus on quality of pedagogy, science and technology and aims for high recognition from industry and organizations for its qualified graduates who are prepared and possessed the needed knowledge and practical skills.

RMUTT has 11 faculties and one college which are responsible for offering four levels of educational programs in various disciplines: professional certificate, bachelor's degree, master's degree and doctoral degree programs.

# Vision *and* Mission

## Vision

An innovative university that creates value for society and country.

## Mission

1. Provide tertiary professional education in science and technology with essential quality.
2. Undertake research, invention and innovation and lead to commercialization and technology transfer to increase nation competitive advantage.
3. Provide creative academic services to promote entrepreneurship and job creation with competitive potential.
4. Take active participation in the preservation and nourishment of Thai arts, culture, religions, and environment.
5. Serve as an academic centre with good governance management.

# Why study at RMUTT?

## 1. Employment after graduation

According to the survey on the employment status from our graduates (as of 2019), 90% are employed while the rest are engaged in personal ventures or further study.

## 2. A Variety of disciplines to serve individuals' interest and aptitudes

RMUTT offers 120-degree programs with various disciplines. Taking into account the current trends of high technology, the needs of industry and national development and an on-going process of curriculum development which assures the quality of the programs offered.

## 3. Quality graduates

The university is well-recognized for its quality graduates that are well-equipped with ethnics, technological and professional expertise, as well as practical and social skills. Apart from getting immediate employment; the graduates advance their studies either in Thailand or overseas.

## 4. Qualified staff with ample experience

The faculty and staff members at RMUTT are qualified in their field of expertise and have further professional development trainings and post graduate study by means of the university's various collaborative programs with local and overseas institutes. There are on-going staff development policy and scholarship which support educational advancement in the rapidly

## 5. High quality of teaching and learning process

The university gives importance to the quality assurance which ensures the quality of teaching and the learning process and aims for excellent educational practice. The university collaborates with national and international institutes to set the teaching and learning processes at the international standards.

## 7. Accessibility to transportations

There are convenient public transportations to the university. Bus no. 538 from Victory Monument and bus no. 188 from Sapanmai arrive to the bus stop near the university at gate 3. There are vans from Bangkok and Rangsit are also available.

## 8. Entrepreneurship within reach

The university has taken achieve role as a consultant for industries, SME's, and OTOP. Short course training and field practices are extended to our students. RMUTT graduates are well-prepared to enter the business world soon after graduation, having gained the knowledge, skills and experience in business investment, management, marketing, business law and financial sources.

## 6. Well-equipped resources, facilities and training services

The university provides virtual laboratories, high-tech resources centres with e-learning materials, language centre, swimming pool, fitness centre, sports and recreation areas which are intended to offer quality service and satisfaction to the university's staff and students, as well as to the community.

## 9. Conducive to Thai culture and beautiful nature

Nearby the university, there is a wide display of exceptional characteristics and culture by the long historical Chaophaya Riverside, Ayutthaya, Sukothai, Bangkok and Nakorn-Pathom. In addition, well-known tourist spots such as Erawan waterfall in Kanchanaburi, Pattaya in Chonburi or Phuket Island are popular places to visit.

# Degree Program
